Even the proud fathers were crowded out; but a few who showed a bolder hand ventured near enough to hear a clatter of tongues which they will probably never forget. One "boy-baby" seemed to be the centre of attraction, and long before the show was over the crowd around him became so great that "mammy" had to carry The happy children transcended the rules

VEGETINE. THE GREAT BLOOD REMEDY IS

VEGETINE.

CIRCULATION OF THE BLOOD.

The circulation of the blood is the life of the body, and its stoppage is death. No disease can be in the body without first being generated in the blood; and no disease can possibly be in the body if the blood is pure. VEGETINE is the great bloodpurifier.

SCROFULA,

SCROFULOUS HUMOR.

The VEGETINE has cured many cases of scrofula of five, ten, and twenty years' standing, where the This morning, on account of the necessary patient has had many physicians, tried many of the known remedles; and, after trying the VEGETINE, the common remark is: "It acts differently, work be opened until 11 o'clock; at that hour the differently, from any medicine I have ever taken." basso profundo voice of Sergeant Chalkley VEGETINE will cleanse scrofula from the system. nesses to the front, and the Justice will be CANCER-

CHESTERFIELD COUNTY COURT—Hon. W. I. Clopton presiding.—The case of George Garbett, indicted for beating one Lunsden with intent to kill, engaged the attention of this leaves to make the country of the disease, and the sore begins to heal at the foundation and continues gradually court the whole of yesterday, and was sub-mitted to the jury at a late hour last eve-ning out toward the skin making the sore smaller from day to day, and finally the disease is eracleated from the system.

MERCURIAL DISEASES.

The conviction is, in the public mind as well as in the medical profession, that the remedies supplied by the vegetable kingdom are more safe, more suc-cessful, in the cure of disease than min rai medi-cines. Vegetine is composed of roots, barks, and herbs. It is pleasant to take, and is perfectly safe to give to an infant. Do you need it? Do not hesi-tate to try it. You will never regret it. September term of the Hustings Court of Manchester-viz, M. P. Buchanan, James E. Hall, Jimes Druin, T. M. Fendley, Joseph Davidson, G. W. Farmer, Robert Boyle, G. W. Baugh, E. B. Howle, G. C. Dr. Tu-see says: "It is unnecessary for me to enumerate the diseases for which the Vegetine should be used. I know of no disease which will no admit of its use with good results. Almost inshould be used. I know of no disease which in-not admit of its use with good results. Almost in-numerable complaints are caused by poisonous re-cretions in the blood, which can be endrely ex-pelled from the system by the use of the VEGETINE. When the blood is perfectly cleansed, the disease rapidly yields, all pains cease, healthy action is promptly restored, and the patient is cured."

FEMALE WEAKNESS.

VEGETINE acis directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cleanses and cures ulceration, cures constitution, regulates the bowels, headache cures consupation, regulates the nowers, headache and pales in the back cease—in fact, there is no disease or complaint where the VEGETINE gives so quick relief and is so effective in its cure as in what is termed female weakness. Vegetine has cured many cases of Salt-Rheum and many of them of several years' standing, where many other remedies have failed to effect a cure. All forms of this disease occur most frequently in the spring and sutomn, and are usually attended with burning, tingling and very troublesome itching, especially when the blood is in a heated condi-
